Participants must be at least 14 years old to participate in Group Exercise classes

Room Codes:

GE– Group Exercise Room **Y**– Yoga room/
Gymnastics (Upstairs)

C– Cycling Room **P**– Pool

UPDATED: January 2, 2015

Paris-Bourbon County YMCA—Class Descriptions

Weights/Strength/Cardio Classes

Cardio and Sculpt: Low impact aerobics followed by a series of toning exercises.

Forever Fit: Keep your fitness forever with this class designed for the active adult.

Strong Seniors: A class specially designed for seniors. Keep your strength, endurance and flexibility by incorporating low impact aerobics, and using bands, hand weights, and a ball. This class can be modified to stay in a chair.

TurboKICK: Is an interval based, full body workout that begins with a sports-specific warm-up. High-paced intervals follow with kickboxing-specific strength/endurance training sequences and easy-to-follow combinations. Class ends with a mind/body-like (think Tai-Chi) cool-down.

PiYO: a fusion athletic workout, which combines the mind/body practices of yoga and Pilates, as well as the principles of stretch, strength training, conditioning and dynamic movement.

Boot Camp: This class will push your body past it's limits to obtain the strength and endurance you deserve! Uses muscle confusion to keep your body guessing which translates into faster results. Be prepared to work hard!

Burn & Chisel: Keep your body guessing with this high energy strength training class that involves constant movement to keep your heart rate up with a combination of kettlebells and dumbbells to get you strong.

I'll Be Back: Get an awesome upper-body workout that incorporates many different methods for developing strength and amazing arms, shoulders, and back.

H.A.B.I.T.: Hips, Abs, Butts, & Inner Thighs. Make this class a habit and you will lean your lower half for those Daisy Dukes! A perfect complement to I'LL BE BACK.

ABS: A Beautiful Stomach. Develop the core strength you want and need.

Barre: Each class includes several highly effective sequences of toning and resistance exercises with an emphasis on the core, arms, bum and thighs. Each strength section of this workout is followed by a stretching section to create long, lean muscle without bulk. These are challenging, no impact classes that require focus and precision for maximum results.

Cardio Dance Classes

Zumba (Both beginner and intermediate classes available): Shimmy and shake your booty to a Latin beat!

Hip-Hop & Squat: Uses 3-6 moves per hip hop song and pairs that move with the verse and chorus. This creates an easy-to-follow routine that will get you sweating and squatting to tone up that tush. This class is both high and low impact. Remember: You gotta' drop that fanny low in order to lift it up!

Water Classes

Aqua Fitness: Low intensity, no impact class that is invigorating, energetic, and FUN! Water shoes recommended.

Aqua Zumba: like Zumba, just add water and shake!

Group Cycling

Group Cycling: Ride on one of our state-of-the-art stationary bikes. This class will improve cardiovascular endurance, tone up the legs and bum, all while improving overall fitness. The best part is: YOU control your own intensity!

Ride and Shine: Ride into the day and add some shine to your life knowing you started the day off right.

Yoga

Yoga: This class will incorporate all three aspects of physical fitness: cardio, strength, and stretching into one invigorating session. Warning: Yoga has been known to foster health and happiness :))

Roll Out: Using foam rollers to decrease muscle soreness and recover :))
